

TOTAL AMOUNT DUE:

Exceptional Energy Stage Reservation Form

The Exceptional Energy Stage (EE Stage) is the central part of the exhibition during LPG Week 2022/New Delhi to share new projects, technologies, products, or services during a 30-minute presentation. This central and highly interactive area will boost high-quality exchanges with delegates, exhibitors, and visitors.

LPG Week's hybrid edition allows also for **e-Stage presentations** (pre-recorded) that will be shown on the event online platform and will remain available on replay.

Onsite presentations can be broadcasted live on the online event platform. For more information contact the organisers exhibition@lpgweek.com
